ABOUT ME

I am highly motivated. With my previous employers, my background that includes experience in the fast-food industry and working as a Kitter at General Motors, I am a highly motivated problem-solver. My analytical skills and creative thinking enable me to excel in data analysis. I am passionate about exploring datasets, collaborating with others, and using critical thinking to drive business success. I am eager to continue growing my skills and further my career as a data analyst.

SKILLS

- Excel (Pivot tables, PowerPivot add-on)
- SQL (PostgreSQL)
- Git/GitHub
- Slack
- Power BI
- Agile Methodology
- Kanban Boards
- Management skills

EXPERIENCE:

NASHVILLE SOFTWARE SCHOOL

Data Analyst Apprenticeship

September 2022- Present

Full- time intensive bootcamp, focusing on data analytics using business intelligence and visualization tools

Nashville Software School

July 2021 - Present

Data Analyst Apprentice

Intensive full-time bootcamp focusing on data analytics fundamentals and problem solving.

Used real-world datasets and included projects where findings were presented to stakeholders from the community.

- Analyzed data using Microsoft Excel, including utilizing pivot tables and lookups, and connected to external data sources using the PowerPivot add-on
- Built and deployed dashboards using Tableau and PowerBI
- Wrangled data and performed exploratory data analysis using Python's *pandas* library
- Created data visualizations using *matplotlib* and *seaborn*

- Gathered data through APIs and webscraping
- Performed geospatial analysis using *geopandas* and *folium*
- Retrieved and analyzed data using PostgreSQL and *sqlalchemy*
- Source code version control with Git/GitHub
- Project management/tracking with GitHub project boards and issue tracking

Projects

Excel- [Basketball stats](#)

- Utilized advanced Excel functions, such as VLOOKUP and PivotTables, to analyze Baseball stats
- Created visually appealing charts and graphs

SQL- [Lahman-baseball Project](#)

- Extracted data from a SQL database using SQL queries, showcasing proficiency in SQL
- Managed a large and complex project, demonstrating strong project management skills.
- Conducted exploratory data analysis to identify interesting trends and patterns, showcasing proficiency in data analysis.
- Working with a team to complete the project on time and delivered

EDUCATION

Nashville Software School - Nashville, TN

Data Analytics Bootcamp

April 2023- Expected Graduation Date
